

# UNLEASH POWER WITH **BASTION**

# HW

## MASTER YOUR 48V LIGHTING

Hawk-Woods' is excited to share its latest innovation within the 48V high voltage lighting space; "BASTION." **Designed for high-current lighting applications**, this cutting-edge power solution boasts an impressive 1600Wh capacity with multiple outputs, **supporting voltages from 12v, 14v, 26v & 48v.**

The BASTION shines as the ideal choice for powering demanding lighting systems, including the **ARRI Skypanel**, **Creamsource Vortex 8**, and other 48 Volt LED setups. It efficiently addresses the challenge of extended periods of running high-voltage LED's at full power, ensuring uninterrupted performance.

With the BASTION's massive capacity, it can power the ARRI Skypanel S120-C at 100% output (430W/h) for an astounding run-time of up to 3 hours and 30 minutes.

12V DC

XLR 4 Pin  
14V@20A

XLR 3 Pin  
26V@25A

Speakon  
48V@15A

D-Taps  
5V@3A

USB-A &  
USB-C

**Built for your needs**

BASTION will be available upon release in multiple versions, each tailored to specific needs and prioritising different features. For more information please reach out to our Sales team via email or phone.

# UNLEASH POWER WITH **BASTION**

1600WH LI-ION FLOOR BATTERY

## FEATURES

- Supports 14V, 26V & 48V Applications
- D-Tap outputs
- USB-A & C outputs
- 12V DC Output
- Waterproof output covers
- Back-lit LCD display for monitoring status & run-time
- Strong durable carry handles for transportation
- Built in Charger to reduce additional accessories.
